BY TINY ROOM STUDIOS

OPENING
NOVEMBER 2024

OUR MEMBERS ARE MORE THAN PART OF A CLUB.

THEY'RE PART OF A MOVEMENT.

A movement that values the elegance of simplicity, the allure of excellence, the power of collaboration, and the boundless potential of the human spirit.

SOUND AND SPIRIT CONVERGE
IN A SPACE DESIGNED FOR THOSE WHO
DARE TO DREAM BIG.

With a Trident 88 Series analog console, extensive mic locker, 10 Blackmagic Studio 6k Pro cameras, and a full DMX-controlled lighting soundstage, we feature all the tools you need to curate your greatest creative vision.

The image shows the interior of a wooden barrel sauna. The walls and benches are made of light-colored wood. In the center, there is a metal heater unit with a control panel. To the left of the heater is a white bucket with a ladle. To the right, there are several white towels neatly folded on a bench. At the far end of the sauna, there is a semi-circular window that looks out onto a wooded area. The lighting is soft and even, highlighting the texture of the wood.

YOUR COMFORT, ENJOYMENT, HEALTH
AND PRODUCTIVITY ARE OUR
PRIMARY FOCUS.

Our wellness center features a full exercise suite with workout classes, a cold plunge, and an 8-foot barrel sauna to relax and refresh before or after your sessions.
